Summary

Salesforce-certified administrator with over five years supporting and configuring SaaS and CRM platforms across Australia and the United States. Holds the Salesforce Administrator, Advanced Administrator, and Sales Cloud Consultant certifications alongside five Conga certifications, with hands-on SOQL, Salesforce Flow, and Lightning Web Components experience. Consistently measured at the top of the service scale, including a 4.9/5 customer satisfaction rating against a 4.5/5 stretch target, and repeatedly replaces manual processes with automated ones, from Salesforce Flow document generation to a reporting model that cut month-end effort by roughly a third.
